CALLED SUDDENLY

Mrs. Phillip H. Deboe Stricken Thursday. Lived Only 24 Hours.

Thursday morning at 5 o'clock while preparing for her morning household duties, Mrs. Mary Steele Deboe, wife of P. H. Deboe, was stricken with apoplexy and fell from her chair to the floor. The fall bruised her head considerably and she did not rally except at short intervals although she was conscious and recognized her children and friends when they arrived and crowded around her bed. Everything which medical skill could devise, and loving hands administer, was done for her, but all to no avail. Quietly and as if going to sleep, she breathed her last, Friday morning at 5 o'clock. The beloved remains were embalmed to await the arrival of some of her children who lived at a distance. The funeral was preached Sunday morning at 11:30 o'clock by Rev. J. T. Barbee at the Cumberland Presbyterian church, assisted by Rev. W. T. Oakley. There was a large congregation, more being outside than inside the church. The Eastern Star Lodge officiated, three of her daughters being members of that organization. At the church a beautiful duet was sung by Miss Gussie Burget and Prof. E. J. Travis, and a most touching prayer was offered by Elder J. S. G. Green who had known her from childhood and who knew of her great piety. The funeral over, the remains were laid to rest in the new cemetery where many beautiful flowers were spread on the mound by those who loved her.

The deceased was a lifelong christian, having professed near her birthplace when a child. She was a member of the Cumberland Presbyterian church in this city, and no member realized the duties obligatory on a member more than she did and none were more devout in church work or everyday life. She lived for her church and those she loved. Besides her husband she is survived by nine children whose names in the order of birth are as follows: Cora, wife of George Thomas, of Providence, Ky.; Julia, wife of Rev. E. J. Sheeks, of Peniel, Tex.; Ada Eudoxia, wife of James Pickens, of Tribune, Ky.; Nannie, wife of James B. Allen, of Repton, William A. of Dalton, Ky.; Hugh J. of Arkansas, Mary, wife of J. E. Perry, of Repton, Miss Effie and Mendoza, wife of J. W. Huffman, both of this city. She had 20 grandchildren and one great grand-child. Before her marriage she was Miss Mary Kirkpatrick Steele, of Caldwell Springs section, was born May 30, 1849, married Dec. 16th, 1867, professed in 1868 and joined the church at Piney Fork. Died Aug. 20th, 1915. Aged 66 years, 2 months and 20 days.

"She is not dead, but gone to live with Jesus, in the house not made with hands, eternal in the heavens. Blessed are the dead which die in the Lord, from henceforth yea, sayeth the Spirit, that they may rest from their labors, and their works do follow them."

MARION GRADED AND HIGH SCHOOL

Will Open Monday, September Sixth, Nineteen Hundred And Fifteen.

School will open on Monday September, 6th. It is but little more than a week. Everyone should be making the necessary preparations in order that all may be ready to enter on the first day. This is essential for good work. A pupil that enters late is very much handicapped. Very often he is unable to keep up with his grade, loses interest, and wants to quit school, or becomes an idler or mischief maker. Do the right thing for your children and start them to school on the first day. This includes high school pupils as well as grade pupils.

We wish to publish a ruling of the Board of Trustees in regard to the first grade. A number of parents have been desiring to start their children to school before they are of the legal school age, six years. There are a number of things to consider in this matter. If a child will be six years old during the school year and expects to enter as soon as it is of school age, and if it is well developed physically and has a strong constitution, it will be well for the child and also the First Grade for it to enter school at the first of the session. In this way it will get a fair start with the rest of its grade and so will do better work. Of course the regular tuition, \$2.00 per month, will be collected until it is of legal school age. But if the child is not well developed and strong for its age it will be much better for it not to enter until the following session. Or if the parents are unwilling to pay the tuition it will be better for the child not to enter as soon as it is of school age, but to wait until the following session. For if it enters as soon as it is of school age it will be unable to catch up with its grade and very likely will be retained in the grade the following session, and it is also likely to form bad habits of inattention and idleness, because the teacher on account of the crowded condition of the grade, will be unable to give it the attention it needs.

So the Board of Trustees on the advice of the Superintendent has made the following rulings:

1- The regular tuition of \$2.00 per month will be required for all children entered in school under the legal school age of six years.

2- No child who is under five years of age at the beginning of the session will be allowed to enter during that session. We hope that this matter has been made clear and that all interested parents will endeavor to cooperate with the school authorities.

In the county, outside of the Marion Graded School District there are some seventy-five common school graduates. Now these seventy-five young people have been told or should have been told during the last few years that as soon as they graduated from the common schools they would be entitled to free tuition at the Crittenden county High School at Marion. This time may be a crisis in the lives of each one of these young people. For those who enter the County High School there are likely to open up larger fields of useful-

A BIG TIME FOR THE YOUNG FOLKS

Saturday, August 28, 1915. In The Courthouse Yard.

The Epworth League Juniors will sell Ice Cream Cones and Home Made Candy in the Courthouse yard on Saturday, August 28, 1915, from 10 o'clock a. m. until 4 o'clock p. m. This is Pig Club Show Day. Lets all come and have a good time. Not only will the pig club boys be glad to see you, but the Epworth League Juniors also. They kindly invite you to come and enjoy the day with them.

ness and better opportunities of citizenship. These opportunities may not come to those who do not continue their work. Most of the big opportunities come through training received in school. The State has provided free education through the high school to all who want it. The tuition will be paid by the county. Living expenses in Marion will not be so very much greater than at home. A number of people here will take boarders at reasonable rates. So let each one of these county graduates consider seriously entering high school at Marion this fall.

The opening exercises will be the Auditorium, Monday morning, September 6th, at 9 o'clock. Everyone is invited and urged to be present. In many respects the school is the biggest and most important thing in Marion. Come and let the teachers see and feel your interest and enthusiasm.

Belt & Yates, the real estate agents, have moved into their new office next door to Farmers' Bank, over Babb's restaurant. When in town call and see us. We have anything you want in trade, and want to trade it. We have city and farm property, flour mills, dry goods stores and one grocery store; all for sale or exchange; also one brick-kiln just outside the city limits, with seven acres of land for sale or exchange.

WILL PRESERVE TREE.

Wall To Be Built Around Oak On Which Frank Was Hanged.

Marietta, Ga., Aug. 21.—The big oak tree near the W. J. Frey cotton gin, two miles from here, on which the lifeless body of Leo M. Frank was found dangling last Tuesday morning, soon is to be surrounded with a concrete wall, according to an announcement here to-night, and thus preserved by the owner to mark the death place of the alleged slayer of Mary Phagan.

In the meantime the tree is being guarded by watchmen both night and day. It was stated to-day that Mr. Frey had been offered \$200 for the tree. He declined the offer and in doing so the plan to build a wall around the tragically historic oak became known. The watchmen were placed on duty to prevent souvenir hunters or others from molesting it.

Visitors to Marietta during the past two days have been unusually numerous and practically all have visited the scene of the lynching.

MRS. G. M. CRIDER

Successfully Operated On At Mayo's Sanitarium Last Friday

The Crittenden Record-Press is glad of the opportunity to make the following statement concerning the condition of Mrs. Cora P. Crider, who is now in Rochester, Minn., under the care of William J. Mayo, one of the greatest surgeons the world has ever known.

Mrs. Crider went to St. Mary's hospital, Thursday afternoon, Aug. 19, after repeated examinations of various kinds at the Mayo Clinic.

That night it was announced that she would be first on the list in the morning. Promptly at eight o'clock she walked out of room 433 toward Dr. Mayo's operating room. She climbed on the table at 8:30 and the operation was completed at 9 o'clock. She woke up at a little past ten o'clock. Her pulse gradually rose from 80 to 90 and her temperature from 98 to 99. By 12 o'clock the next day they were back to near normal.

The second day is generally the worst day, but in her case the second day was better than the first. No complications developed during the operation that were not known to the doctors beforehand. If no unusual complications develop she should be out of the hospital in 10 or 12 days. That was Dr. Mayo's judgement before she entered the hospital and later developments confirmed it. Mrs. Crider was the bravest one of the bunch that morning in St. Mary's. She walked, but some of the balance of the bunch were too weak to walk, so we heard.

The Press is not paid to print this and we have never had a dollars worth of advertising matter from them, however we wish to add a few words.

This institution is one of the greatest in the world. Nothing is overlooked, even to the smallest details.

There are 85 doctors selected from the best in the world. Most of them are young men. The Mayo's find they can be taught. They do not have a lot of preconceived ideas and notions that they are loth to throw overboard.

The Mayo Clinic is an immense building and will soon be enlarged to cover half a block. Every appointment is the very best that money can buy. Their system is a marvel to business men and financiers. All their operations are performed at St. Mary's Hospital, a Catholic institution. There are six operating rooms and it is said they average about 35 operations per day.

Patients, doctors and scientific people go there from every part of the world. A noted surgeon, a German lady, went there last year to study the Mayo method. She bought property and expects to live there three years.

They have more goiter patients than any other institution in the world. Every fifth case they have is goiter. They perform this operation in a way all their own and are very successful.

They have organized a Doctors Club. By the payment of \$5.00 any doctor can belong and receive their literature and get the benefit of their experience and witness their operations. When they discover a good thing they give it to the profession free. Some of the cures they have wrought are beyond belief, and

Write And Write Now.

The power to DECLARE WAR is vested in congress—that is the nearest body to the people. The referendum was then unknown—if the constitution was being written today the people would probably be given a referendum vote on war, and women—the greatest sufferers from war—would doubtless be given a voice. But as we do not have a direct referendum we should use every means we do have to impress upon senators and members of congress the fact that THE PEOPLE ARE OPPOSED TO ENTERING THE PRESENT WAR: They are IN FAVOR of using the peace treaty plan to preserve peace and, if that fails, they are in favor of postponing final settlement until this war is over. This course will enable us to assist as mediator in bringing this war to a close and then we shall have no difficulty in adjusting our differences. WRITE YOUR SENATORS AND YOUR CONGRESSMEN, protesting against war. They will listen to you. W. J. BRYAN, in the Commoner.

KOVNO FALLS AND VILNA IS NOW DOOMED

Testonic Allies Capture One Stronghold and Bombard Another From Air.

Petrograd, Aug. 23.—The fortress of Kovno, together with all the forts and an amount of war material which has not been determined, has been in German hands since last night.

More than 400 cannons were taken. The fortress was captured by storm in spite of the most tenacious resistance by the Russians.

German aeroplanes are persistently bombarding the city of Vilna, about fifty miles east of Kovno. The possibility of the capture of Vilna by the Germans is foreseen in Petrograd, and operations preliminary to its evacuation are in progress.

The Governor-General of Vilna has ordered the removal of the equipments of factories and of banks, together with supplies of metals, including church bells, leather, and everything else which might be useful to the invaders. Horses and livestock are being taken away. Preparations for the evacuation of Bialystok continue. The town is in darkness at night on account of attacks by German air craft.

Reports reaching here from Poland are that Russians who remained in Warsaw after its capture have been removed to the interior of Germany.

MATTOON

It is reported that John Vinson is getting so near-sighted he may have to move closer to Repton.

A drummer visited Mattoon this week.

Roy Thurmond took his pet lizard to church with him Sunday. He took his lizard along so he could have a seat to himself.

Boyd Cowan is progressing rapidly in learning to play his new hand organ. Boyd always has had a desire to master music and other high cultured arts and expects to become quite a social favorite ere the jay birds hatch again.

Gordon McKinley has been digging for fishing worms this week at the back of his house. He says if the building was moved over a little he could find a lot more of good ones.

Next week Frank Burton will start in to speaking to everybody whether he likes them or not, as he has learned that it pays, and will also help out a

lot if he ever runs for office.

Both our Magistrate and Constable are raising a crop this summer. It is a lamentable fact that our public officials have to turn to the rougher callings of life to make a living.

The Deputy Constable has got back from the pond, where he has been trying to locate the leader of the band of frogs that have been bothering the people who live near the pond.

Ben Duvall has found a new way to jar apples off the trees, though the plan is very dangerous, as he has to climb up and sit on a limb and play his base fiddle.

Lewin Roberts, who is always doing something funny, went to the post-office Wednesday and woke up nearly everybody by telling them of a terrible encounter he had just witnessed in the Hood's creek bottom. When pressed for further details, he stated that while walking through the woods he saw a bumble bee jump on a wild flower.

The horse doctor of the Gimlet Spring neighborhood decided to do like the other doctors, and have some friends come to the church door while services are going on and call him out.

The postmaster at Repton says, "If some of the boys got all the mail they were looking for, he would have to move the postoffice in a barn."

Cricket Hicks presented Miss Hostetter Hooks with a button bearing the familiar inscription of "Sweeties to the Sweets" the other day, and she has been wearing it. The deputy constable says if he wanted too, he could have Cricket handled under the pure food law for misbranding goods.

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

Mr. Bull explained that he and his bride had put up with this opposition like lambs until they decided to chop out for themselves and stake all their affection for each other. He said they hoofed it down to the station, horned into a chair car and completed arrangements for the marriage while on their way here.

Obstacles In Path Of

Loan To England.

Two questions loomed large in the discussion as to the practicability of American Bankers attempting to underwrite a loan to Great Britain or her allies, or both, of from \$300,000,000 to \$500,000,000. These questions were: Would the Washington administration regard the underwriting of a mammoth loan of this sort as against the spirit of American neutrality?

Could a loan of these huge proportions be placed in this country if underwritten, on terms that Great Britain could afford to grant?

For fifty years the Sunday School Association of Kentucky, has been earnestly working to make this a greater and better Kentucky. Much has been accomplished, and yet much more remains to be done. The Association has helped every evangelical denomination in the State, and has received help from them. We have had great conventions, but this is going to be the greatest one. We have had from 600 to 800 delegates in our conventions; we ought to have 5000 this time. The Kentucky Educational Association has 5000 in attendance; we ought to out number them. Louisville is accessible to all the State. Rates will be low. October is a nice time of year. It will be a delightful trip. It will be highly profitable to all Sunday School workers. Let's go. What do you say? Why not have 100 from Crittenden county? We carried off the banner from the First District in the K. E. A., why not have it in the K. S. S. A? The program will be great. The music will

be excellent. The fellowship will be fine. Let's go.

LOVE.

Love is as boundless as the sea. It stretches from pole to pole. It strikes its victims here and there. Where'er it finds them cold.

It makes strong men so very weak. It makes shy girls so bold. It comes to us of its own accord. And pierces through the soul.

Though pride shall try to break its grasp. Though honor strikes in vain. And ambition cries out, alas! It murmurs in thy brain.

What is pride, ambition, honor, Compared to boundless love? We search these things here on earth,

A Few Reasons Why You Should Buy a "Louisville" Silo

- 1 Because it is easy to erect.
- 2 Because we guarantee every part of it.
- 3 Because our silo is second to none on the market.
- 4 Because it is a silo on which each and every feature has been tested and is not an experiment.
- 5 Because all our doors are made of California red-wood, which shrinks and swells less than any wood on the market.
- 6 Because our doors are easy to remove and replace, and cannot stick or bind.
- 7 Because we own our own patents, and do not have to pay any royalty, thus saving the farmer from \$15.00 to \$25.00 on his silo.
- 8 Because the hoops can be adjusted from the ladder front door frame without the necessity of climbing all around the silo on a ladder.
- 9 Because we are not in the silo trust. Because it is HOME INDUSTRY.

Ground Phosphate Rock With Manure.

The value of rock phosphate for use in dairy and feeding barns is not only for its phosphorous content, but also because of the fact that in absorbing the liquids it preserves a large amount of nitrogen, which would otherwise evaporate as ammonia and be lost. Forty pounds of rock phosphate to a ton of manure is intended to merely offset the loss of phosphorus in the milk and beef sold from the farm, and to balance up the analysis of the manure. Where the need of phosphorus is so great as in Kentucky, this amount should be materially increased, and with a ton of rock phosphate used for each animal fed, live stock farming will have a real value in building up Kentucky soils.—L. OUR PUBLIC FORUM

Otto Kahn On Financial Farm Loans

Every citizen who desires to become capable in business should study banking, and every farmer who wants to see the business of agriculture properly financed should study diligently the financial systems of other industries. All other lines of industry have developed financial facilities adapted to their needs. We have all sorts of financial syndicates authorized by law or custom to deal in a certain line of securities, but in none of these financial channels will farm securities travel without a bonus in the way of an excessive rate of interest or heavy discounts.

The most powerful financial institutions in America are private banks and they are the most important to the financial life of industry. In no line of business does honesty, efficiency and stability make more imperative demands than upon private bankers, whose greatest asset is the confidence of the buying public in his business judgment and integrity. Mr. Otto Kahn of Kahn, Loeb & Company, when asked to state the relation of the private banker to the business of the nation, said in part:

"One of the most important functions of the private banker is to be the instrument for providing the money needed for the efficient conduct and development of railroads and other industries. He does this by buying securities in bulk from those needing capital, for which purpose he usually associates himself with a large number of other financial houses, great and small, thus forming what is called a syndicate. Having in this way concluded the buying transaction he offers to the public the securities purchased by means of advertising, circularizing and through the facilities of the retail houses included in the syndicate, many of whom employ traveling salesmen. Of course the banker and the syndicate count on a reasonable profit for their services; on the other hand they run the risk of the securities, which they have definitely bought and paid for at a fixed price, remaining on their hands wholly, or in part, if the public, for one reason or another, should be unwilling to buy them. The selling of securities is a highly specialized trade, requiring much experience, organization, machinery and scrutiny. This is one of the reasons why corporations do better in offering securities to the public through bankers than if they offered them direct. The willingness of the public to buy depends upon their confidence in the integrity and the judgment of the banker who makes the offer, and a banker who attempts to mislead the public, or who is deficient in care or judgment, would very soon find himself without customers and, therefore, out of business. In many European countries, the functions of the private banker include the placing of bonds secured by farm mortgages. Bonds of this nature are issued in large quantities by mortgage banks who buy mortgages on farms, and other real estate and deposit them as security for their own bonds, which in their turn are sold to bankers. It is to be hoped that similar institutions will, in course of time, be created in America, thus placing the farming industry on a par with other important industries in facilities to obtain capital."

Danger Signals of Tuberculosis

In a previous article, it was stated that nearly everybody has tuberculosis at some time or other during his lifetime. Autopsies on people have shown that hardly a single human being reaches mature life without a scar on his lungs or elsewhere showing where tuberculosis had attacked him, and he, by his normal resistance and vitality, had warded off the continuation of the attack.

Because tuberculosis is so widespread, every man, woman and child should give the most careful attention to those signs of the disease which point out danger. The treacherous disease germs may enter the body in early childhood and may not cause any serious trouble for ten or fifteen years. Then, all of a sudden, when the body is weakened by overwork, worry, sickness, or bad living and working conditions, these sleeping germs wake up and become active in the destruction of the lungs or other organs. The working man or woman, therefore, cannot be too careful in the safeguarding of health and in watching out for those symptoms which indicate that the disease of tuberculosis is actually present. What, then, are some of the danger signals and what should be done about them?

(1) **First of all, there is a cough that hangs on and will not clear up.** If it lasts for a month or longer, it is a red light, a danger signal, which you cannot afford to ignore. It may start with wet feet or some other insignificant circumstance, but no matter how the cough started, if it does not go away, see your doctor at once. Colds frequently weaken the bodily tone and resistance, so that it is easy for the lurking germs to get a foothold.

(2) **Loss of weight, accompanied by a loss of appetite, and a certain amount of "stomach trouble"** is another danger signal, which you must not pass unheeded. Sometimes loss of weight may come from some other cause than tuberculosis, but it pays to be on your guard. You may not have a cough, and you may experience very little trouble except a sort of chronic weariness. You ought to know what your normal weight should be. If you begin to lose five, ten or more pounds without any apparent reason, look for sound medical advice at once. Sometimes with loss of weight goes a loss of appetite, and trouble with bowels and stomach, even running to diarrhea. Whether you are losing much weight or not, look out for this danger signal. It is a warning that something is wrong.

(3) **Then there is that run-down, all-the-time-tired feeling.** Most people have days when they feel unusually tired, for some reason or other. Such an occasional period of "spring fever" or "lazy liver" may not be at all dangerous, but when every day for two or three weeks you hate to get up and dread to do anything but lie around and be lazy, there is danger ahead. This is Nature's warning to you that some enemy inside your body is sapping your vitality. Don't ignore the warning signal!

(4) **Any one of the three symptoms just mentioned may occur singly or all of them may come at one time.** When, to any or all, there is added a fever in the late afternoon or during the night, accompanied possibly by sweats, beware of this danger signal. It is a bright red flag which Nature waves before you, cautioning you to give immediate heed. Anyone's temperature may rise at times, some people's more easily than others. But when for a week every afternoon about four or five o'clock you've felt feverish, or when night after night you wake up in a dripping sweat, you may rest assured that there is nothing normal about that. Go to your doctor at once and tell him about it. You may have no cough and no other sign of disease, and this may be the only warning you'll get. Give heed to it at once.

(5) **If you have a cough and in spitting you find streaks of blood in your sputum, you may rest assured that something is wrong.** It may not be a direct sign of tuberculosis, but whatever it is, you should attend to it at once. You cannot afford to waste time putting it off. Nature may give you that more emphatic warning of the presence of tuberculosis, a hemorrhage of the lungs. If so, don't be scared unduly. It is a danger signal, and if you heed it, you may be safe.

There are other danger signals, some which you can see and some which only a trained physician can detect. Your safety lies in getting medical attention as early as possible. Tuberculosis can be cured if it is discovered in time. The time to discover it is when the first symptoms show themselves. Don't take chances with Death. You'll lose every time.

Go to a good doctor, if you notice any of these danger signals, and insist that he examine you stripped to the waist. If you can't afford a doctor, go to a free clinic and be examined. It may cost a few dollars to be examined, but it may save you hundreds of dollars, untold suffering, and possibly your life and that of your wife and family.

"SAFETY FIRST" is a motto that applies to tuberculosis, especially when it is first showing itself.

DO YOU REMEMBER?

I remember, I remember,
The place where I was born;
It had a patch of onions here
And there a patch of corn;
(Which always dims my memory
Of that old quaint abode,
For ere the one was weeded out
The other must be hoed.)

I remember, I remember,
The place where I was born;
It had a well in the back yard
Where I must go at morn
And draw the water for the day,
And worn-out hoopskirts lay
On the ash-pile in the back yard
Of that place far away.

I remember, I remember,
The place where I was born;
There was a big, red rooster
That crowed at crack of dawn,
And when he would fall silent
And my nap I would renew,
Out in the lot a lonesome cow
Straightway began to moo.

Mrs. Virgie Coon says "What a sweet toned voice baby has, Billy. She'll be a splendid singer. We must send her to Italy to have her voice cultivated when she is grown."

Billy says "Send her now, dear."

Luther Elder said to Charley Byrd: "You swindled me with that horse you sold me this spring."

"How so?"
"Well I only had him three months when he died."

"That's strange. I owned him 23 years and worked him hard every day and I never knew him to do a thing like that before," replied Charley.

Johnson Byrd said to Dr. Leeper: "Hang it, doctor, I've just been stung by one of your confounded bees. I demand reparation."

"Certainly, Johnson, you just show me which bee it was and I'll punish the horrid thing, severely."

Miss Mattie Smith said to Tom Jones: "I believe I could talk to you forever."

"Yes, I believe you could, and it seems as if you will."

Hundreds Of Bits Of Skin Grafted To Boy's Leg.

Bedford, Ind., Aug. 18.—Forty friends of the family of Flaye Potter called at the Potter home Sunday and submitted to having taken from their arms from six to eight tiny strips of flesh, which were used in grafting to the leg of Leslie Potter, 9 years old, in an effort to save his life. Three weeks ago the child, who had thoughtlessly poured coal oil on the leg of a new pair of summer trousers, then setting it on fire "to burn the fuzz off," was only saved from being burned to death by his mother, who threw a blanket over him, smothering the flames, but not until the skin and flesh from his feet up had been terribly burned. There were more than 300 strips of skin taken from the arms of the donors and grafted to the leg by a local surgeon the time required being more than two hours.

Daylight Robbers Get Jewelry Worth \$22,000.

Chicago, Aug. 16.—Miss Beatrice Allen who occupies a fashionable South Side apartment, was robbed in daylight today of jewelry valued at \$22,000 and \$100 cash. The robbers obtained entrance by pretending to be from a florist. They stunned the maid with a "blackjack" and intimidated Miss Allen with a revolver. The moment the robbers disappeared Miss Allen ran to a balcony and screamed. A policeman exchanged shots with the fugitives but they escaped.

Notice to The Pig And Corn Club Boys.

On account of the Boys' Corn Club names having to be turned into the State Fair management before the 1st of September, I will not be able to be present at

the Farmers' Club meeting this week.

Our Pig Club Show will have to be put forward one week, coming on Aug. 28th, for the same reason that is name of winner must be in Louisville before the 1st, so as to make arrangements for him at the Farmer Boys' encampment, and the exhibition of his pig at the State Fair. The prizes offered will be worthwhile.

There will be two boys to represent Crittenden county at the State Fair—one a corn club boy, and one a pig club boy. All expenses will be paid by the State.—J. Robert Bird.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

DEATHS

John D. Pie formerly of this county, died at Huffman, Ark., Monday. His father, W. R. Riee, of Henderson Co., was

called there Monday and is expected here with the corpse about Thursday morning for burial.

Jeff McChesney, aged about sixty years, died last week near Shady Grove. Kirby and Earl, his two sons, survive him. The remains were buried in Shady Grove cemetery.

Mrs. Jane Crider, Relief of the late Z. J. Crider, of Crider, Ky., died Monday afternoon at 5 o'clock. She was an aunt of J. I. Clement, of this city, and was well known to many of our citizens. She left no children.

CARD OF THANKS.

We take this method of expressing heart-felt thanks to all of our friends for the many kind acts of sympathy, and deeds of kindness shown us during the sickness and death of our dear wife and mother. Words fail us in trying to express our gratitude to those who so kindly administered to her, and us, during these trying hours of sadness and bereavement. We will always feel ourselves under a debt of gratitude. We can only pray God that an equal amount of kindness shown each and every one of our friends in their last hours on earth.

Especially do we want to thank Dr. O. C. Cook for his faithful and untiring efforts in trying to save our dear wife and mother. Respectfully
P. H. Deboe and Children.

COMMISSIONER'S SALE

Crittenden Circuit
Court Kentucky.

By virtue of various judgment, and order of sale of the Crittenden Circuit Court, rendered at the June term thereof, 1915.

I shall proceed to offer for sale at the court-house door in Marion to the highest bidder, at PUBLIC AUCTION, on Monday, the 13th day of Sept. 1915, at one o'clock P. M., or thereafter, (being County Court day), upon a credit of six months the following described property, to-wit:

One lot (3) three, in block (3) three in Mound Park addition to the city of Marion, Ky., being the same property conveyed to R. L. Johnson by C. J. Pierce, a single man, on the 14th day of August, 1912, by deed recorded in book No. 30, on page 128, in the office of clerk of the Crittenden County Court. This land to be sold for a debt of \$61.66, interest from Aug. 14th, 1912, and cost of suit.

Also one house and lot in Marion, Ky., known as the homestead of the late John James, deceased, lying on Bellville street near the Marion Mills, and running with said street 173 feet

frontage, depth 218 feet, and four-room house and all necessary out buildings.

Also one tract of land near Weston, Ky., and known as the Hugh Brown tract of land and contains 83 1/2 acres. This land lies on the Ohio river and is within a few hundred yards of the town of Weston which is one of the best shipping points in the county. Fairly well improved.

Also one acre of land lying in the town of Marion and adjoining the Frank Jackson homestead, being part of the tract of land conveyed to Frank Jackson and Herrod Travis, jointly, by W. J. LaRue and P. C. Stephens on the 22nd day of September, 1891. This land is to be sold to pay a debt of \$88.50 with interest at 6 per cent from April 11th, 1913, and cost of suit.

For the purchase price the purchaser, with approved security or securities, must execute bond, bearing legal interest from the day of sale until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

J. G. LOCHESTER,
Commissioner.

Prominent Family Going To Hardin County

E. J. Hayward and his interesting family are leaving this week for their new home on a farm in Hardin county.

Mr. Hayward has resided here for the past 15 or 20 years and has been a leader in many business enterprises, and will be greatly missed here. He was the founder of the Farmers Bank and its financial head for many years. The Yandell-Gugenheim corner was built by him soon after Marion was fire swept and at a time when the city needed the confidence and money of its citizens to restore it to its former self. Mr. Hayward was one of the builders and backers of the Electric Light Plant here and his rule, that the best was none too good and always the cheapest in the end, caused a plant to be erected which stands today unequalled for service and dependability in cities of this class in the entire state. The Hayward mansion here is another example of his way of doing things, it being a beautiful piece of architecture in cream brick with white stone trimmings which barring accident will stand for generations as a monument to the man who built it.

The many munificent gifts which Mr. Hayward has showered on church, school and charity here will never be forgotten. The Crittenden Record-Press wishes the Hayward family as a whole, great happiness in their new home.

The boss began by putting money in the Bank. He was a careful man—his money grew until he had enough to take a good business chance. You can do it.

NO, IT WASN'T LUCK. HE IS THE "BOSS," BECAUSE HE SAVED MONEY WHEN OTHER MEN WERE WASTING THEIRS IN LITTLE FOOLISH EXTRAVAGANCES.

HE WASN'T STINGY—HE WAS CAREFUL. HE KNEW THAT ALL THOSE LITTLE THINGS HE DIDN'T REALLY NEED WOULD AMOUNT TO A LARGE SUM SOME DAY. HE BOUGHT A BUSINESS WITH THE MONEY HE PUT IN THE BANK AND SAVED.

TWENTY GOOD FARMERS WANTED THIS FALL East Texas Improved Farms ON THE CROP PAYMENT PLAN

Owners prove their confidence in the land by accepting payment for same in crops

LOCATION: Pineland, Sabine County, East Texas, 130 miles north of Gulf of Mexico, on the Santa Fe Railroad. Pine and hardwood timber lands from which the pine has been cut.

SOILS AND CROPS: Sandy loam soils with good clay subsoils. Bottom and uplands. Perfect drainage. Soils are excellent for holding moisture and fertility. Large variety of crops. Cotton, corn, oats, sorghums, kafir and sudan grass, and especially good for fruits, vegetables, sweet and Irish potatoes, peanuts, peas, beans and ribbon cane. Rainfall averages 45 inches per year. Excellent livestock country. The most successful farmers diversify and have all kinds of livestock. You should visit the farms, talk to the farmers there and see their crops, this, their first year. Only 20 more farms to be sold this year. Select a farm now and move there late this fall.

PRICES AND TERMS: Owners will sell fifty-acre farms, twenty acres cleared, large stumps split with dynamite and are easily burned out. Will furnish best hog fencing for line fences, pay interest and taxes until title is passed, furnish experienced and practical men to supervise planting, cultivation and marketing crops. Price \$35 per acre, no cash, one half of the crops to be accepted as payment. Ten years time if you need it, although five years ought to be sufficient under normal conditions.

HOUSES: Price of lumber there is very low. They will sell you good house, three or four rooms, \$215 to \$345. They will drill well for actual cost, and also accept payment for house and well in crops.

If you are a good farmer and will be satisfied and successful on one of these farms and have your team, wagon, implements and a cow or two upon which you will give mortgage to guarantee payments for improvements, owners will guarantee that you will not fail and will give you credit at colony store for general merchandise, seed, feed, fertilizer, etc., if you want it.

This is the most liberal offer ever made to the farmers of this state, and it is made only to experienced farmers with good recommendations, and should be especially attractive to the young farmer and to the renter.

Write me for details, advising whether you have the experience and the required livestock and equipment, and number in your family. I will then tell you just what will be offered you.

Washington, D. C., Aug. 14, '15

Mr. Marshal Jenkins,
Marion, Ky.

Dear Marshal:—Enclosed find check to keep me in good standing with you and your great army of readers, for another year. Us Marion people are all glad when the mail comes that brings us the Record-Press.

I have read copies of papers from every State in the union, but have never found a paper published in a small town as

Marion as good as the Record-Press. So keep her coming. I don't want to miss a paper. I lost a few copies by some of the other J. F. Loyd's getting them. I have found five J. F. Loyds, and three of them live on the same street that I do. But I am glad my name is not "Smith," for I noticed in yesterday's city paper that there were five thousand and two hundred Smiths in the city. So if my name was Smith, I might not get much mail.—J. EXPERIENCE OF KENTUCKY WOMAN.

Louisville, Ky.—"I have been much benefited by the use of Dr. Pierce's Favorite Prescription. When in a run-down, nervous condition I saw 'Favorite Prescription' advertised in the paper. The use of one bottle gave me very marked improvement and I am glad to endorse it. It is a good medicine and seems to be just as advertised."—Miss LILLIE ZWETOFF, 2233 Bank St.

An affection confined to women must have its cause in the womanly nature. There is no doubt that a diseased condition of the delicate womanly organs, is in general responsible for feminine nervousness and an undermined constitution. The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" is for inflammation and female weakness. It makes weak women strong.

Middle aged women about to experience that dreary change of life, should profit by the experience of thousands of noble women who have gone through the same period with little or no pain, misery or discomfort.

Dr. Pierce's Favorite Prescription is and has been for nearly 50 years just the medicine. It is not a secret prescription, for its ingredients are printed on the wrapper; it's a temperance medicine, a glyceric extract from roots.

Get the "Prescription" today—either in liquid or tablet form—if you want to better your physical condition speedily.

Dr. Pierce's Pellets regulate stomach, liver and bowels.

You can have Dr. Pierce's Common Sense Medical Adviser of 1008 pages for 30 cents or three dimes. It treats of Sex, Hygiene, Marriage, Anatomy, Physiology, etc. Address: Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

RHEUMATISM ARRESTED

Many people suffer the torture of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Beware the alcoholic substitutes.

EFFICIENT NURSE FINDS ASSISTANCE

Mrs. Anna L. Bryan Is Given Relief By Premier Preparation.

Louisville, Ky., Aug. 25.—Mrs Anna L. Bryan, an efficient trained nurse, who resides at 301 Crescent Court, Crescent Hill, this city, is among the hundreds of Louisville women who have used Tanlac, the premier preparation, with the most beneficial results. Mrs. Bryan said:

"I find Tanlac very fine. I have been using it for more than a week for gastritis. I have been treated by several physicians with very poor results. At times I vomited blood, and lost weight steadily.

"I find Tanlac has given me great relief. Since I began taking the medicine I have noticed a marked improvement in my condition. I have ceased to vomit blood and have begun taking on weight. In fact, Tanlac has made me feel like a different woman, and I wish that very excellent medicine great success."

Tanlac, the premier preparation, is of unusual benefit in cases of stomach, liver and kidney trouble, rheumatism, nervousness, unsound sleep, faulty circulation, pallid complexion, catarrhal and bronchial troubles, coughs, colds and the like. It is especially beneficial as a tonic for general debilitated persons, blood purifier and tissue builder. Tanlac can now be obtained in Marion at J. H. Orme's drugstore and at Blackford at A T Brown's drugstore. Adv.

500 Bodies From Galveston Said To Have Been Washed Ashore.

San Antonio, Tex., Aug. 20.—That five hundred bodies from Galveston had been washed ashore on high points near Houston was the unconfirmed rumor carried over the first wires into San Antonio Wednesday afternoon.

The report was made to the wire chiefs at Houston by a line-man.

Houston is about twenty miles from the coast of Galveston Bay, and it is probable that the bodies were found near La Porte, at the mouth of the Houston ship channel.

Wind Turns Poisonous Cases Upon Germans.

Petrograd, Aug. 21.—The Germans attacked Ossiewe today, preceding the attack with a bombardment of asphyxiating gas bombs. The wind suddenly changed and the Germans fled in panic to escape the poisonous fumes.

Three thousand German, who were caught between the fires of the fortress and that of their own artillery, were overtaken by the gas and practically annihilated.

IN MEMORIAM.

On Thursday, August 12th, 1915, the grim reaper, death, visited the neighborhood of Mt. Zion and claimed as its own, the life of one dear friend and neighbor, P. H. O'Neal. The cause of his death was inflammation of the kidneys.

Uncle Hise—as he was known by everyone—was sixty-four years, two months and three days old. He was born June 9th, 1852. He professed faith in Christ in early manhood, and united with the Cumberland Presbyterian church at Piney Fork, where he remained a faithful member until August 15th, 1902, he united with the Baptist church at Haker and remained a faithful member until God claimed him as His own.

On November 23rd, 1871, he was married to Miss Sarah Josephine Asher, daughter of Mr. and Mrs. W. H. Asher. She preceded him to the grave ten years ago.

To this union were born nine children; five sons and four daughters. All of whom survive except one son, who died in infancy. They are: Mrs. Doss Canger, of near Marion; Mrs. Jesse Phelps, of Providence; Mrs. Lester Brantley, of near Blackford; and Mrs. Jesse Cain, of Herrin, Ill.; and Messrs. Will, Jim, Nilus and Curtis O'Neal, all of the Mt. Zion and Baker sections, also fourteen grandchildren. All of the children were at his bedside at the time of his death except one daughter, Mrs. Jesse Cain, who was not here on account of her own ill health.

Uncle Hise was only sick a few days. He was living at the home of his son, Nilo, at the time of his death.

He will be greatly missed by all. He was a good, kind and loving father, and to know him was to love him. He always made everyone feel welcome who entered home. He always had a bright smile or kind word for everyone he met.

Every thing was done that loving hands could do but God said, "It is enough, come up higher." His will be done—not ours. Dear loved ones he cannot come back to you, but you can go to him. His life is ended upon this earth; his sweet voice is hushed in death; all that is mortal of him whom we love, is now mingled with the dust; he has left behind an influence; he has borne away a sweet character. Our joy is not in his talent but in the belief that he lived to glorify God.

Now, we loved uncle Hise but God loved him more and now that his life which scattered so much sunshine, has gone to shine more beautifully on the other side, may it prove a beacon light to land the children and loved ones on the other shore and from an unbroken family in the land of happiness and perpetual sunshine radiant from the throne of God.

His remains were laid to rest in the Mt. Zion cemetery beside that of his wife, where a large concourse of relatives and friends had gathered. Rev. U. G. Hughes, of Marion, conducted the funeral services. Goodbye uncle Hise, goodbye, 'till we join you in that fair clime. God bless and comfort the bereaved ones.

His friend,
BEATRICE CRISP.

Letter From Massachusetts.

Radio Station, Fort Andrews, Mass.
Mr. S. M. Jenkins,
Marion, Ky.

Dear Sir:
It has been quite a while since I wrote you, and I am writing you in regard to having my paper changed to this place. Address me, Radio Station, Fort Andrews, Mass., instead of Fort Warren.

Mr. Jenkins I always welcome the dear old paper, that I have read since childhood. I always receive my paper on Saturday morning and then I have my Sundays to peruse it contents.

Now for a little description of this Fort. It is a four company post and about three miles further out in the ocean than old location; a beautiful place to live, I assure you. The climate is most delightful here in the summer, but awfully cold during the winter months, especially on the islands. There are two large summer resorts nearby fort and this is quite desirable place after all.

I am a wireless operator now and have just finished a course in practical electricity and Radio. I have my application in now for the larger army electrical school located at Fort Monroe, Va. The army isn't so bad after all. For it gives one a fairly good education.

All of the companies in the Boston harbor started on their annual hike for twenty days, and they will start the twenty-fifth of August. They will traverse the state of Conn., and Vt., and part of Maine. I get out of the hike this year, but I stood them last.

I must close now as I must go to the station.

I Remain Your Respt.,

WILBUR BOSTON,
Radio Station, Fort Andrews, Mass.

P. S.—I have one year and five months to do and then I am coming back to the only state and town (Marion, Ky).

Our Advice Is:

When you feel out of sorts from constipation, let us say that if you really Orderlies do not relieve you; see a physician; because no other home remedy will hold only by us, 10 cents.

FIRST YEAR OF THE WAR ON THE SEA

At the end of the first year of war not a German fighting craft, except submarines, is known to be at large outside the Baltic sea. The Austrian warships are confined to the upper Adriatic and the Turkish fleet to the Sea of Marmora and adjacent straits. The merchant marine of the central European powers has disappeared utterly from the ocean highways. Sixty million dollars' worth of German shipping lies idle in the docks of New York, while several times as much is bottled up elsewhere. At the same time the German submarines have inflicted enormous losses of allied shipping. While both sides have probably concealed many losses, the following is a fairly accurate summary of the number of craft which have been destroyed.

Entente Allies.		Teutonic Allies.	
Battleships	10	Battleships	1
Cruisers	12	Cruisers	18
Submarines	4	Submarines	9
Auxiliary cruisers	5	Auxiliary cruisers	19
Gunboats, destroyers, and torpedo boats	4	Gunboats, destroyers, and torpedo boats	30
Total Japanese and Italian losses, seven vessels of all classes.		Total Turkish losses of vessels of all classes, four.	
Total tonnage entente allies	376,770	Total tonnage Teutonic allies	294,744

CAMPAIGNS OUTSIDE BIG WAR THEATERS

In a score of regions there has been fighting which would have held worldwide attention were it not for the mighty battle lines in France and Poland.

Serbia's own war was a greater trial to her than either of the two preceding Balkan struggles. Assisted by Montenegro, the little Slavic nation twice threw the hosts of Franz Josef beyond her borders and inflicted losses of about 30,000 men, but she suffered severely herself.

The Austrians invaded Serbia in great force about August 15 and penetrated to the Jadar river, where a great five-day battle ended in the rout of the Teutons.

The Austrians returned soon in stronger force than ever. They reached Valjevo, where on November 17 the Serbians met a defeat.

With their supply of artillery ammunition exhausted, the Serbians now had to retreat. The Austrians, believing them crushed, withdrew six army corps for reinforcements against the victorious Russians in Galicia.

Shells and English tars with naval guns reached the Serbians, and on December 5 they turned on the Austrians and cut them to pieces.

The entry of Turkey into the war was marked by a brave, but foolhardy attempt to invade Egypt. Great Britain's Indian and colonial troops threw the invaders back with heavy losses. British and Japanese troops invested the fortified German port of Tientsin, China, and after a siege of a few weeks the defenders gave up the hopeless struggle.

A section of the Boer population of South Africa revolted. The revolt was put down by a Boer, Premier Botha. He then invaded German Southwest Africa, and after a long campaign in the waterless deserts captured the greatly outnumbered Germans (July 8).

After taking three-quarters of a year to arm herself to the teeth, Italy attacked Austria this spring. The effect of the entry of Italy upon the arena has not yet been marked.

FIRST YEAR COST OF WAR IN MEN AND MONEY

Only approximately accurate tables of the killed, wounded and missing in the first year of the war are possible, because France and Russia and Austria-Hungary do not give out their figures, while Germany has changed her policy recently to one of secrecy. Great Britain still tells her losses from month to month.

The following estimates are believed to give a fairly correct idea of the casualties:

Teutonic Allies.		Entente Allies.	
Germany	2,300,000	Russia (including prisoners)	2,500,000
Austria-Hungary	1,800,000	Great Britain	400,000
Turkey	350,000	Belgium	300,000
		Serbia	240,000
		Japan (no reports of losses)	75,000
		Portugal (fighting in colonies) (minor)	
		Montenegro	30,000
		San Marino	10,000
Total	4,450,000		

The first year of the war has cost the belligerent governments about \$16,000,000,000 in direct expenditures for military purposes. The war is now costing about \$45,000,000 a day, \$2,000,000 an hour and \$100,000 a minute.

HAS PROVED JUST WHAT SHE NEEDED

Louisville Woman Finds Speedy Relief by The Use of Tanlac.

Louisville, Ky., Aug. 25.—Mrs. Frank Pettis, wife of the well-known assistant chief electrician of the Louisville & Nashville railroad, who resides at 800 Campbell street Louisville, is among the many women who have found speedy relief from serious illness by the use of Tanlac. Mrs. Pettis said:

"I have been in a nervous, run-down condition for some time. My digestion was very poor, and I had difficulty in eating solid foods. I was so depressed in spirits at times that I almost had a dread for the future.

"Tanlac proved to be just what I needed. The medicine acted like a general tonic for me. I am improved in every way, and I very cheerfully endorse Tanlac."

Tanlac is sold in Marion by J. H. Orme; also by A. T. Brown, Blackford, Ky. Adv.

IN MEMORIAM.

Martha F. Paris was born April 10th, 1843, in Smith county, Tenn. At the age of seven she moved with her parents to Crittenden county, Ky., where she spent the remainder of her life.

She was married to Joseph T. Wilson, Oct. 23rd, 1867, and to this union were born four children, two of which are dead. Mary Eva, who died when two years old; William W., a soldier in the Spanish American war, died eleven years ago at San Francisco, Cal. The two surviving children are Mrs. Rosa Hughes, of Stratton, Colo.; and James A. Wilson, of this county.

Besides these she leaves one sister, "aunt Sallie," and three grandchildren, who were present at her death, besides a host of friends and loved ones. To know aunt Martha was to love her. She was a kind, sweet spirited mother and grandmother; as true to her church as true could be; always singing, praying and praising God.

She professed faith in Christ in 1874, and joined the Primitive Baptist church at Pleasant Hill, this county, and lived a member of that church for twelve years, then moved her membership to Old Piney Fork and was a devoted member until death.

She taken sick April 14th, 1915, bore her afflictions—which were great—with much patience for four long months, when God said "Its enough, come up higher," Aug. 15th, 1915, at 5:35 o'clock p. m. Her remains were laid away in the Piney Fork cemetery Aug. 16th, beside her husband's to await the Resurrection.

The funeral was conducted by the writer, assisted by Revs. W. T. Oakley and C. T. Boucher, in the presence of a large congregation of kindred, loved ones and friends.

The text being Phil. 3:20-21. The subject was "Citizenship in Heaven."

We feel that the world has lost a great character; the church a great stronghold; the home, a great comforter, as well as a loving, sweet spirited mother and grandmother. While this is true we have greater ties in Heaven. Children look up and trust in God. His grace is sufficient to drive all tears away, be good, sweet Christian spirited children and meet mother in the Golden City, whose builder and maker is God, for eye hath not seen, nor ear heard, neither hath it entered into the heart of man what God hath in store for His children.

Written by her pastor,
F. L. McDOWELL.

A WOMAN'S BACK

THE ADVICE OF THIS MARION WOMAN IS OF CERTAIN VALUE.

Many a woman's back has many aches and pains. Oftimes 'tis the kidneys' fault. That's why Doan's Kidney Pills are so effective.

Many Earlington women know this. Read what one has to say about it: Mrs. Henry Clements, Earlington, Ky., says: "I was in such great pain from kidney trouble that I had to scream aloud. I don't know what caused the trouble. My back was so sore and lame that I had to catch ahold of chairs when walking. My limbs were swollen and dizzy and my head ached nearly all the time. Doan's Kidney Pills made me feel much better in every way. I believe that they saved my life. I am now entirely cured and enjoying better health than I have been for years."

Price 50 cents at all dealers. Don't simply ask for a 'kidney remedy'—get Doan's Kidney Pills—the same that Mrs. Clements had. Foster-Milburn Co., Props., Buffalo, N. Y. 8-25-9-2

HURRICANE BRINGS PERIL TO GALVESTON

The Gulf City Swept By Worst Storm in Fifteen Years.

Galveston, Tex., Aug. 17.—Galveston today has passed through one of the worst storms within the past fifteen years, and now is ready to repair the damage done by last night's hurricane.

Five feet of water stands in the city and is slowly draining off. Two fires started today as a result of flood damage were yet to be placed under control.

The transport McClellan late last night broke from its moorings and drifted half a mile out to sea. The commercial wireless station at Port Arthur is out of commission, and the big aerial masts at Fort Crockett here are down.

If you sit in a cool draft when you are heated and get a stiff neck or lame back, you will be looking for something that will ease the pain. Fix your mind on BALLARD'S SNOW LINIMENT and don't be talked out of it because it is the best pain relieving liniment you can get anywhere. Price 25c, 50c and \$1.00 per bottle. Sold by James H. Orme, Marion, Ky.

The Quinine That Does Not Affect The LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause unnecessary purging in head. Remember the full name and look for the signature of R. W. GROVE.

Hughes' Chill Tonic

(PALATABLE) Better than Calomel and Quinine. Contains no Arsenic.

EXCELLENT GENERAL TONIC

As well as a Remedy for Chills and Fevers, Malarial Fevers, Swamp Fevers and Bilious Fevers. Just what you need at this season.

Mild Laxative, Nervous Sedative, Splendid Tonic.

Try it. Don't take any substitute. At Druggists, 50c, & \$1.00 Bottles.

Marion Girls In Dinner

Party At Sturgis Hotel.

Mr. and Mrs. J. J. Martin entertained a company of friends for dinner Sunday at the Sturgis Hotel. Mrs. Bateman proprietress very graciously aided in extending every courtesy and the following guests were very appreciative and happy in their expression of thanks to Mr. and Mrs. Martin: Misses Mildred Moore and Elva Pickens, of Marion, Miss Bessie Landon, of Calhoun, and Miss Georgia Nunn of Sturgis. —Sturgis News Democrat.

Have Another Try

If at first you don't succeed, Don't sit down and cry, Just sit up and look around And find the reason why. No use to get discouraged,

No use to sulk and cry, But wear a grin and wade right in And have another try.

A Card of Thanks.

We take this method of expressing our heartfelt thanks to the kind friends of Marion and Caldwell Springs neighborhood for their many kind acts and words of comfort during the sickness and death of our dear husband and father W. R. Gibbs. May God's richest blessings rest on every one is the prayer of E. J. Gibbs, Annie Stephenson, Lottie Ralston, Florence Brasher, W. R. Gibbs, Jr.

Formerly Preached Here.

The Rev. J. F. Claycomb, of Franklin, has accepted the pastorate of the Central Presbyterian church in this city. He will take charge Sept. 1st. The Central Presbyterian church has been without a pastor for the last few months, the Rev. R. H. Anthony having resigned to accept a call at Evansville, Ind.

Notice.

The Democrats of Crittenden county are requested to meet at the Courthouse in Marion Aug. 28, 1915, at one o'clock, to elect delegates to the State Convention, to be held in Louisville, Sept. 1st, 1915.

W. R. Cruce, Chairman.

Peak Wins.

D. H. Peak editor of the Trimble Democrat, published at Bedford, Ky., won for State Senator over G. M. Tandy by a majority of 2,047, carrying all four of the counties composing the district. Following is the vote by counties:

PEAK TANDY			
Trimble	787	217	570
Henry	1,436	716	720
Oldham	695	196	499
Carroll	762	504	258

Torpedoes Harmless.

Paris, Aug. 24.—A device invented by the Italian engineer, Quarini, which makes it possible to drive torpedoes out of their course and explode them has satisfied tests, says a special dispatch from Rome, and arrangements are being made to supply the device to the allies' fleets.

A Letter From A. M. Gilbert.

Lafayette, Tenn., 8-16-'15. Dear Marshall, I have received the two last editions O. K. I notice that Tompkinsville is first placed on for the address, then it is crossed out and Lafayette, Tennessee written. Guess they have been going to that place. Also received back copies for which I thank you. When a fellow gets away from home is when he sure appreciates his home paper. With no wish to flatter you, will say that your paper leads the other county papers that I have seen

since I have been out, even from larger places than Marion, and the people of Marion will never realize what an excellent light plant they have unless they go to the other towns and behold the little toy outfits.

In fact I think Marion is the only place and Marion folks the only folks. I count the days as they slowly go by when I shall walk the dear old streets of Marion and meet up with my dear old Tom, Dick and Harry friends. Was awful sorry to see how our boys were snowed under, but such is political life. To-day we are and tomorrow we are not.

Wishing you much success,

I am your friend,
A. M. Gilbert

BLACKFORD

The time is coming and now is when Blackford shall be heard from again.

Rev. O. D. Spence, of Nevada, Mo., who spent a number of days here and in Crittenden county visiting friends and relatives, returned home last week.

Roy V. Hughes, of Bowling Green, Ky., visited John L. Reynolds recently—business we presume.

John M. Metcalfe, wife and son, Royce, have gone to Truman, Ark., to visit the family of J. W. Taylor.

Claude V. Brantley and Miss Ruby Horning, of this burg, attended the Teachers' Institute at Providence last week.

Deputy Sheriff V. O. Chandler, of Marion, Crittenden county, Ky., was here on legal business last week.

A protracted meeting began at the Presbyterian church on the 18th inst., conducted by the pastor, Rev. John R. King, assisted by Rev. Carl Boncher.

William T. Perry, who has been suffering with a severe attack of neuralgia, is up again.

Mrs. Belle Crowell, after a few days of malarial fever, is able to be out again.

We are readers of the Record-Press and are always anxious to read what the correspondents have to say.

If this missive escapes the waste basket we shall come again. —Pisayune.

WESTON

As it has been some time since the Press has heard from us, will try and write again.

Baseball playing is the order of the day here.

Meddames Elva Newcom and Verna Nelson and Miss Lena Newcom were in Weston Saturday.

Miss Florence Watson and brother and Frank McFalls, of Tolu, spent Sunday with J. W. Bennett and family.

Mr. and Mrs. Will O'Neal were in Weston Saturday trading.

Mr. and Mrs. George Thorne and little daughter, Gracie Marie, spent Sunday with relatives in Illinois.

Mrs. Katherine Wynn and children are visiting her mother, Mrs. Eliza Hughes.

Miley Hill and Sylvan Bigham, of Chapel Hill, were visitors here Sunday.

L. J. Hodges and M. V. Sutton attended the burial of Jeff McChesney at Shady Grove last Saturday.

The wind, following the rain, last week, damaged the tobacco and corn crops considerably in this section.

Mr. Editor:—I received your statement; it was correct; it didn't make me mad; and here is the money.

MIDWAY

Aunt Mat Wilson died Aug. 15th, after a long illness at the home of her son. She was laid to rest at Piney Fork, where a large crowd gathered to show the last respect.

Reva McDowell and Oakley conducted the funeral services. Weep not dear bereaved ones, Aunt Mat is gone from us but we will soon meet her upon the golden shore, where she'll shake hands with all of us and say "I've been watching for you to come. I'm so glad you've come to live with me, where sickness, pain nor death never come, for there's a camp meeting up here that never breaks up."

Mrs. Rosa Hughes and daughter, Vennie, left for their home Thursday morning in Stratton, Colo.

Miss Clara Crayne, of Princeton, is visiting relatives in this section.

Dodie Hill and W. S. Paris and family attended the funeral of Mrs. Phil Deboe at Marion Sunday.

Kirby Hunt and wife visited C. L. Hill last week.

Mrs. Martha Sigler and son, Tiller, visited her brother, J. W. Hunt, near Hurricane Sunday and Sunday night.

Henry Agee has returned from Kansas, where he has been working in the wheat harvest.

The rain that fell last week was fine on the crops, but the wind did a great deal of damage to corn and tobacco.

REPRESENTATION.

The following lines express the old dilemma as to how a man is to "represent" his women folk when they do not all think alike:

I'm in a hard position for a perfect gentleman;

I want to please the ladies, but I don't see how I can.

My present wife's a suffragist, and counts on my support.

But my mother is an anti, of a rather biting sort;

One grandmother is on the fence, the other much opposed.

And my sister lives in Oregon, and

BELLMONT

Here we are again with a few words for the Record-Press.

Rain! Rain! Lots of it, and wind that damaged corn and tobacco a good deal. Some cane looks like it had been logged down.

Some few, but not many, from here, attended the Association at Blackburn last week regardless of the rain.

Camp meeting closed at Piney Fork the 15th, with twenty-four converted and some renewed up. We had a fine preacher, and he did some good preaching. We hope we can get him again.

Several from this neighborhood attended the funeral and burial of Mrs. Phil Deboe at Marion Sunday.

A goodly number from this place went to Marion Monday.

Lookout for wedding bells to be ringing soon.

School is progressing at this place with Miss Cordie Smart as teacher.

Aunt Jane Travis is quite feeble and confined to her bed again.

Aunt Katherine James is no better at this writing.

Emerson Ethridge and Miss Myrtle Conger eloped one night the last of the camp meeting and got married.

Some from this place attended the tent meeting at Jim McConnell's near Blackburn Sunday night. The meeting is still going on at that place.

—Little Rose.
